Features

DIGITAL SHOT TIMER

Allows you to accurately and reliably time coffee extraction

UP TO 7 PROGRAMMABLE DOSES

Choose between 5 or 7 programmable doses

ECO MODE

Smart energy management

AISI 316L STAINLESS STEEL "COOL TOUCH" STEAM WANDS

Anti-burning feature even in conditions of prolonged use, fitted with milk resistant high-performance steam terminals

AISI 316L STAINLESS STEEL BOILER

Exclusive Sanremo design ensures exceptional thermal stability and maximum resistance to oxidation and limescale

ADJUSTABLE BREW TEMPERATURE ACROSS ALL GROUP HEADS

Digitally adjust the brew temperature for all group heads

DIGITALLY PROGRAMMABLE BOILER TEMP.

Digitally adjust the boiler temperature to increase or decrease steam pressure

AUTOMATIC CLEANING CYCLE

Process for coffee groups cleaning

D8 Pro Features

THE ABOVE PLUS:

BARISTA LIGHTING

Allows efficient working in any condition of environmental lighting

ECO MODE PRO

Insulation and smart energy management

MIXED INFUSION HOT WATER TAP FOR TEA

Instantaneous mixing of fresh water and steam boiler

INSULATED BOILER

Steam boiler insulation to improve performance and recovery

COLOUR LCDs

Multi-coloured LCDs per group, to show mls, temperature and shot time

HIGH PERFORMANCE PUMP 200L/H

Pressure stability in situations of prolonged use of multiple groups even in high volume venues

ADJUSTABLE BREW TEMPERATURE FOR EACH GROUP HEAD

Digitally adjust the brew temperature independently for each group head

Optional Features

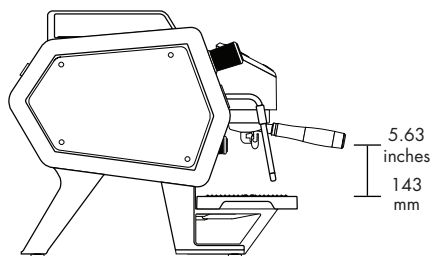

IOT CONNECTIVITY

Wifi board to give live coffee quality telemetry and service updates from the cloud
